I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Compounded medications have made it possible
for me to sleep, and alleviate symptoms of menopause.
Please note that I cannot take the standard doses
so I need compounded medication for natural hormones
for my health.
Kindly do not support the restricting of
availability of individually compounded medication
